STATE DEPARTMENT **DECIDES TO PUNISH** PRESIDENT ZELAYA

Dictator Must Relinquish All Power in Nicaragua.

SECRETARY KNOX REBUFFS MINISTER

Senor Rodriguez Is Not Received This Morning When He Calls.

By JAMES HAY, Jr.

Zelaya, President of Nicaragua, has been marked for destruction by the State Department of this Gov-

At the Cabinet meeting tomorrow the President and his advisers will be asked by Secretary of State A. B. Knox to give official indorsement to the plan of eliminating Zelaya finally from any position of power in Nicaragua.

Although the official news given out at the State Department this afternoon was that Mr. Knox is awaiting Zelaya's explanation of his execution of the two Americans, Cannon and Groce, it is learned from excellent authority that the State Department has already decided the time has come to put an end to the official life of Zelaya.

RODRIGUEZ REBUFFED.

him as the stormy petrel of Central America, the man who has done more than any other to foster war and international trouble in his vicinity.

Soon after the Taft Administration began, he received attention from this Government because of his warlike demonstrations against Salvador and Guatemala, and it was with some difficulty that he was dissuaded from his activities in those directions.

Now he has committed the crowning crime of executing two Americans who were really soldiers and not mere mal-

were really soldiers and not mere malcontents against es'ablished govern- PEARY TO BE GUEST ment. So far, the department has only announced unless a large indemnity is paid for the death of these men force will be used against him. But the re- National Press Club Will Give An port today is that nothing short of the elimination of Zelaya will satisfy the United States.

ROBERT J. WYNNE.

Former Washington Boy Instantly Killed When It Crashes Into Bridge.

WILMINGTON, Del., Nov. 22 .- A. Bryson Taylor, twenty-six years old, of New Castle, Del., was almost instantly killed and William M. Moore, twenty-four years old, of Wilmington, had a narrow escape from a similar fate in this country," he continued, "is the an automobile accident early this morn-fact, well recognized by the British

RODRIGUEZ REBUFFED.

As an indication of the department's attitude toward Nicaragua and her representatives, it is enlightening to know that this morning when Senor Rodriguez, the charge of the Nicaraguan legation, called at the department, Mr. Knox was "too busy" to see him. He looked up Assistant Secretary of State Adee, and got the same story. As a last resort, he asked to be received by Assistant Secretary Wilson, but the same rebuff was accorded him there.

He left the department exceedingly crestfallen, and convinced he had been given a public rebuke

an automobile accident early this morning. The fatal accident occurred at the bridge which crosses Squirrel run, just the other side of Greenville. Taylor's bedy was brought to the morgue. Moore, after receiving medical attention at the bridge which crosses Squirrel run, just the other side of Greenville. Taylor's bedy was brought to the morgue. Moore, after receiving medical attention at the bridge which crosses Squirrel run, just the other side of Greenville. Taylor's bedy was brought to the morgue. Moore, after receiving medical attention at the bridge which crosses Squirrel run, just the other side of Greenville. Taylor's bedy was brought to the morgue. Moore, after receiving medical attention at the bridge which crosses Squirrel run, just the other side of Greenville. Taylor's bedy was brought to the morgue. Moore, after receiving medical attention at the bridge which crosses Squirrel run, just the other side of Greenville. Taylor's bedy was brought to the morgue. Moore, after receiving medical attention at the bridge which crosses Squirrel run, just the other side of Greenville. Taylor's bedy was brought to the morgue. Moore, after receiving medical attention at the bridge which crosses Squirrel run, just who are fighting for the ballot are setting. TRUST SECURITIES SUFFER A SLUMP; DUE TO DECISION

Bears Sell Quickly, As Wall Street Is Hard Hit by the Standard Oil Decree.

ARCHBOLD WANTS SPEEDY DECISION

Hopes Supreme Court Will Define Rights of Rockefeller Combine At Once.

NEW YORK, Nov. 22.-Wall Street was badly jolted this morning when the holders of securities in the various trust combinations, railroads, and industrial corporations, influenced by the Standard Oil decision, started to get out, liquidating heavily. This was followed by the liveliest kind of selling by bears, who have not had much show of late, and made the most of the opportunity.

OIL SUFFERED MOST.

Standard Oil shares naturally suffered most, but the Street understands that if the big Rockefeller combine has to walk the plank that it will have a like effect on the Sugar trust, or the Steel combine, with its millions of diversified interests; that the Rubber trust, the Ice combine, the great railroad combinations, and all other trusts, including even the Chicle, or chewing gum combination, will have to go, or change their methods of doing business.

Mr. Archbold, of the Standard Oil Company, in a public statement, recognized the broad scope of the decision and expressed himself as anxious that it should pass to the highest tribunal for final consideration at the earliest moment possible, in order that the corporation NEW YORK, Nov. 22.—Despite a wire- may know just where it stands.
